

Sometimes you need payroll...

in a **FLASH!**

Would you like to receive your payroll instantly after payroll information has been submitted? You can with Payroll In A Flash®!

Payroll In A Flash delivers payroll reports, check stubs, and even live checks (optional) via email, giving you access to your payroll within minutes after it's been submitted for processing. Whether you enter your payroll remotely by Internet or desktop, fax your payroll information, or call your payroll specialist directly, Payroll In A Flash delivers your payroll securely to your email-box. You can even arrange for your accountant to receive a copy!

By receiving your processed payroll right away, you have plenty of time to review your payroll to ensure that every employee's paycheck is accurate—and you can make corrections without leaving your desk. It's simply one more way to take care of your employees online!

What makes Payroll In A Flash so great?

- No delay to receive payroll – Immediate Satisfaction!
- Automatically email a copy of payroll to the company's accountant
- Extra time to review live payroll data before pay day
- Eliminate the hassle of paper reports by printing only what you need, when you want it
- Payroll Checks can be printed right in your office (or you can continue to receive them from your payroll provider and have reports only emailed)
- Saves on delivery and printing costs
- "You've Got Mail!" now means "You've Got Payroll!"
- Requires no setup or training; receive payroll and reports instantly, even for your very next payroll.
